

- **Boxes • Bags • Fiber Drums • Steel Drums • Poly Drums • Lamp Containers • Lab Packers • Absorbents**

## DOT APPROVED PACKAGING

Grauling Research offers DOT approved packaging to meet your hazardous materials and waste requirements. Depending on your liquid or solid material our packaging is UN rated allowing for many options you can select from. See below for a sample of what we can offer:

- Triple wall fiberboard boxes with poly liners that can hold up to 2000 lb. weight capacity.
- Flexible self-standing waste container bags with poly liners that can hold 1 cubic yard or more of material.
- 5-gallon jerrycans, steel and poly pails
- Overpack and salvage drums
- 55-gallon fiber drums, poly drums and steel drums are available

## LAMP CONTAINMENT, LAB PACKERS, & ABSORBENTS

We offer specific packaging for fluorescent lamps, both boxes and drums from 4' up to 8' in length. LabPackers are offered in the following sizes, 5, 10, 20, 30 and 55 gallons. The absorbents available come in pads, booms, socks and vermiculite depending upon the materials used in your processes.

- LabPackers are UN X rated with heavy duty polyethylene liners for solid waste applications and is UN 4G rated for packaging group I, II, and III hazardous materials.
- Lamp containment available in UN and non-UN rated single wall construction with 'Accumulation Date' label.
- Vermiculite is available in fine to extra coarse grades. This light weight product is offered in both organic and domestic grades.
- Absorbent booms & socks available for oil only, universal and chemical specific, with several lengths and thicknesses available.
